

Thermals™

By SUPERIOR WELLNESS

VENUS

FEATURES

Gecko Control System

The Venus features Gecko controls, which are widely recognised across the industry as being class-leading. High-end design and build quality, Gecko is renowned for reliability, ease of use and low running costs.

Comfortable Lounge Seats

Lay back and look up at the stars in the Venus non-float lounge seats. Our loungers are designed to hold your body firmly to the acrylic shell, giving you a perfect hydrotherapy massage. Suitable for people up to 6'3".

LED Mood Light

The Venus is installed with the latest LED mood lighting. So, no matter what your mood there is a setting for it. The LED lights change slowly through seven different colours one by one, creating a romantic and warming atmosphere.

Clear Water System

This hot tub is equipped with a state of the art no-bypass filtration system and an ozone disinfection system. Better filtration means more joy and longer product life.
